

## Parent's Bill of Rights for Data Privacy and Security

Roosevelt Children's Center seeks to use current technology, including electronic storage, retrieval, and analysis of information about students' education experience within our school, to enhance the opportunities for learning and to increase the efficiency of our school and the operations related.

Roosevelt also seeks to ensure that parents have information about how we store, retrieve, and use information about students, and to meet all legal requirements for maintaining the privacy and security of protected principal and teacher data, including Section 2-d of the NYS Education Law.

To further these goals, Roosevelt has established this Parents' Bill of Rights for Data Privacy and Security:

1. A student's personally identifiable information cannot be sold or released for any commercial purposes.
2. Parents hold the right to inspect and review the complete contents of their child's education record. The procedures for exercising this right can be found in the RCC Policy.
3. State and federal laws protect the confidentiality of personally identifiable information, and safeguards associated with industry standards and best practices (including but not limited to: encryption, firewalls, and password protection), must be in place when data is stored or transferred.
4. A complete list of student data elements collected by the State is available at <http://www.nysed.gov/data-privacy-security/student-data-inventory> and a copy may be obtained by writing to: Chief Privacy Officer, New York State Education Dept, 89 Washington Ave, Albany, NY 12234
5. Parents have the right to have complaints about possible breaches of student data addressed
  - a. Parents may make a written report of a possible breach of student data to Colleen Thompson by e-mail at [Colleen.Thompson@arcwayne.org](mailto:Colleen.Thompson@arcwayne.org) or by US mail at 150 Van Buren St, Newark, NY 14513

### Supplemental Information Regarding Third-Party Contractors

In the course of complying with our obligations under the law and providing educational services, Roosevelt has entered into agreements with third-party contractors. Pursuant to such agreements, third-party contractors may have access to "student data" and/or "teacher or principal data" as those terms are defined by law.

Each contract Roosevelt enters into with a third party contractor where the third party contractor receives student data or teacher/principal data will include this Bill of Rights along with the following information:

1. The exclusive purposes for which the student data or teacher/principal data will be used;
2. How the third party contractor will ensure that the subcontractors, persons or entities that the third party contractor will share the student data or teacher/principal data with, if any, will abide by data protection and security requirements;
3. The duration of the contract including when the agreement expires and what happens to the student data or teacher/principal data upon expiration of the agreement;
4. If and how a parent, student, eligible student, teacher, or principal may challenge the accuracy of the student data or teacher/principal data that is collected;
5. Where the student data or teacher/principal data will be stored (described in such a manner as to protect data security), and the security protections taken to ensure such data will be protected, including whether such data will be encrypted;
